

Cloverleaf Townhomes

PROJECT LOCATION: Cloverdale, California	
PROJECT TYPE: New Construction	PROJECT DESCRIPTION: Construction of a 36 unit condominium project, built to meet Sonoma County's affordable housing need.
COMPLETED: 2006	

CLOVERLEAF TOWNHOMES

Cloverleaf Townhomes is a 36 unit condominium project, completed late in 2006. The project was conceived and developed to meet Sonoma County's pressing need for affordable housing.

Pacific Builders worked closely with the developers throughout the lengthy Sonoma County entitlement process and was instrumental in the design and approval process of getting the project to the commencement of construction.

FEATURES:

These condos were designed to meet housing needs at an affordable price and while creating an attractive neighborhood.

The units feature upgraded detailing, including granite tile counter tops, tile floors and custom quality cabinets and appliances.
